Hi All,

Heartless snap judgments below:

Cesar Ravelo - One my favorites. KEEP

Garth Britzman - PASS

Liz Brizzi - pretty, but I think PASS

Pascaline Douci - KEEP

Timothy Smith - cool concept, but seems technically difficult to pull off, plus streetscape/building changes will make certain images outdated. PASS

Team - It came to my attention today that an entire group of 21 Broadway Boxes submissions was inadvertently deleted. The person organizing them for me, accidentally trashed them, instead of labeling them, so even my searches to double check having found everything and labeled them as submissions to go to the dropbox didn't find these because they were no longer in the inbox.

Thankfully, the mistake was realized and acknowledged and it's not too late.

Here is a link to the missing submissions (which solves the mystery of Noah's friend) There's a bunch of them - 24 or 25 of them. I went through them quickly, and found 5 that I think are worth a second look, based on what we coalesced around yesterday. Those are: Cezar Ravelo; Garth

Britzman; Liz Brizzi; Pascaline Douci; and Timothy Smith (not all should be brought in and perhaps other have other preferences once you go through them.

Obviously, this is not the optimal way to review submissions, but since we agreed to meet with finalists I think if we can come to consensus on who from this list should be added (the ones above, some, all or none) via email, then we can just add them to our interview list as long as everyone can make it a longer meeting.

SO SORRY but glad this got realized before it was too late.

Thanks,  
Jessica
